Book one was awesome and book two was out of this world amazing. I so want to be able to find that person I could put all my trust in to make my fantasies reality. Now on to book three. I so want to be able to find that person I could put all my trust in to make my fantasies reality.

And given my statement that book 1 ends with a promise for book two, this book delivers. There is a certain threat to the pack that needs to be handled and it's not the easiest thing in the world to deal with.

Bound To The Alpha part one was interesting, but very fast paced. The entire story took place in what had to be three days. what I think was the plot was nonexistent to me Sarah got into an accident, met Cain, tried to not to fall for each other only to be doing it a day or two later then ends.

Unlike Claimed where we quickly meet the pack, Bound so far takes place only between the two leads as they travel through the wilderness. It has more of an intimate, slow burn feel to it than her first series. It's just as intense, but in a different way. You can't help but feel the bond growing between these two characters, especially in contrast to the desolation all around them.
