Caring For Maria book. Read reviews from world's largest community for readers.

Your guide to Griffith University's academic and research expertise.

Caring for a person with Alzheimer's disease or dementia can often seem to be a series of grief experiences as you watch your loved one's memories disappear and skills erode. The person with dementia will change and behave in different, sometimes disturbing or upsetting ways. For both caretakers and their patients, these changes can produce an emotional wallop of confusion, anger, and sadness.

Bernard Heywood is the author of Caring For Maria (4.00 avg rating, 1 rating, 0 reviews)

If you are a caregiver for someone suffering from Alzheimer's disease (AD), you may face difficult challenges as you try to provide care and understand the behavior changes of the person you are caring for.

2. Learning to Speak Alzheimer's: A Groundbreaking Approach for Everyone Dealing with the Disease, by Joanne Koenig Coste Joanne Koenig Coste has a practical approach to the emotional well-being of both the person with dementia and their caregiver.
