Confucianism, Taoism, and Buddhism constitute the essence of the traditional Chinese culture. The relationship among the three has been marked by both contention and complementation in history, with Confucianism playing a more dominant role.

Influence Daoism and Chinese culture Daoist contributions to Chinese science. Daoist physiological techniques have, in themselves, no devotional character.

Taoism is China's indigenous religion, "morality" as the highest faith. Based on Huang and Tao thinking theory, ancient Chinese Taoist spirits worship derived since the formation of the Warring States Period.

When looking at Chinese architecture you find many Taoist influences spread about. For example Taoist architecture, manly temples, tended to be built in natural environments, usually mountains and near bodies of water.

This book comprehensively covers all main topics and periods of Daoism. It does not stop after the Tang as earlier works tend to do, but goes all the way into the present and also to some extent discusses Daoism in non-Chinese cultures.

Article about Taoism in Glossary of Chinese New Year and Chinese culture, customs and traditions:
