I could not put this one down! I really enjoyed reading this book and found Maya and Isaac to be quite lovable characters. They meet in a very unconventional way but damn does it work for the makings of an awesome book.

Isaac is a type of sex therapist and Maya is his client for a month. During that time she has to learn her lessons well and Isaac has a strict training schedule supplied by Maya's rather unsavoury boyfriend, Luke, to follow. Naturally that doesn't go to plan and the characters go through changes that are very well-written and thought out.
