Pumping Exclusively. Exclusively pumping, also known as "Eping" is a way for a mother to continue to give her baby breast milk, when breastfeeding has failed or is ?delayed?.

Of course, the longer you can provide your baby with your breast milk, the better it will be for your child. So, here you will find some information and tips to help make exclusive pumping a little easier.

Exclusively Pumping Secret #3: Get To Know Your Breast Pump Use the highest quality pump you can afford. If money is tight, consider hiring the better quality breastpumps from organisations like the Australian Breastfeeding Association.
