I am not one who is well versed in steampunk, but LEGENDERRY is a most enjoyable read. Akin to LEAGUE OF EXTRAORDINARY GENTLEMEN, Willingham combines fiction characters from a variety of sources (e.g. Vampirella, Green Hornet and Kato, a version of the 6 Million Dollar Man [in this instance worth \$6,000]) and it all works. The artwork is exceptionally detailed and the plot is classic action/adventure.

Discovered this steampunk series by accident, but loved it. The art by Sergio Fernandez Davila is outstanding and the inclusion of extra features such as the ink drawings is great. I thought the story line and coloring was well thought out and executed.

This is a fun adventure that takes known characters and brings them fully realized into a steampunk world full of action, intrigue, and witty dialogue befitting...
