

Download Originally From Dorchester A Memoir

The stories in Originally from Dorchester narrate the good, the bad, and the lessons author Gerard Healy learned growing up in Boston's neighborhood of Dorchester prepared him well for the life that followed.

This will appeal to people who grew up in Dorchester or South Boston in the 1950s and 1960s, perhaps, but my goodness, it is boring otherwise, even if you're the kid of someone 'originally from Dorchester' and used to people not shutting up about it.

A predominantly Irish working-class neighborhood, Dorchester held everything including brutal street fighters, true friends, intimidating nuns, and protective neighbors. Carrying the spirit of adventure with him always, Originally from Dorchester shares the lessons learned from family and friends that Healy has carried with him as he's roamed far beyond the town's borders.
