Use features like bookmarks, note taking and highlighting while reading PRIMAL Nemesis (Book 2 in the Redemption Trilogy, A PRIMAL Action Thriller Book 6) (The PRIMAL Series).

I have followed Silkstone's PRIMAL books since the beginning and I love them. PRIMAL Nemesis is book #2 of a 3-book series, and although I prefer each book to end with its own conclusion and not lead into another book, this set is the exception.

I've followed you from the first book and will be with you to the end. I love the links to the primal database, it makes combining the tech and kit with the story more accessible to those that hasn't lived it.
