Because he's an enemy, Romeo has no chance to see Juliet and say the things a lover normally says. And Juliet's just as much in love as he, but she has even less opportunity to meet her lover. But love gives them power, and time gives them the chance to meet, sweetening the extreme danger with intense pleasure.

Romeo hears only that Juliet is dead. Romeo learns only of Juliet's death and decides to kill himself rather than live without her. He buys a vial of poison from a reluctant Apothecary, then speeds back to Verona to take his own life at Juliet's tomb.

When Romeo requests that the Friar marry him to Juliet, he is shocked, because only days before, Romeo had been infatuated with Rosaline, a woman who did not return his love. Nevertheless, Friar Lawrence decides to marry Romeo and Juliet in the attempt to end the civil feud between the Capulets and the Montagues.

Romeo and Juliet is a tragedy written by William Shakespeare early in his career about two young star-crossed lovers whose deaths ultimately reconcile their feuding families.
